DETAILED ACTION

1. The information disclosure statements submitted on 1/30/2001 and 2/20/02 have been considered by the examiner.

Drawings

2. Figure 1A should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

Specification

3. The disclosure is objected to because it contains an embedded hyperlink and/or other form of browser-executable code (page 3 line 1 for example). Applicant is required to delete the embedded hyperlink and/or other form of browser-executable code. See MPEP § 608.01.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
5. Claim 6 and 8-12 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
6. Claim 6 recites the limitation "bitwise complementation is denoted as ;" in line 13. There is no ";" in the formula. It appears as if a symbol might not have printed properly in this claim.

Allowabl Subject Matter

7. Claims 1-3, 5, 7, and 13-21 are allowed.

8. The following is an examiner's statement of reasons for allowance:

Rogoway et al., discloses a seek function that pseudo-randomly maps an index, and can seek to a regularly spaced location of a keystream. Rogoway does not disclose using separate non-linear functions to determine the left and right bit in a binary tree. It would not have been obvious to one of ordinary skill in the art to make this enhancement to Rogoway.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

9. Claim 6 and 8-12 would be allowable if claim 6 were rewritten or amended to overcome the rejection under 35 U.S.C. 112, second paragraph, set forth in this Office action.
